

Halloween Pizza Spider Webs

Ingredients

Pizza sauce / tomato sauce
Round crackers, bread rolls
(cut in half) or pitta breads
String cheese
Black olives
Mustard (optional)

Equipment

Toothpick (if
using mustard)
Baking tray

Method

1. Preheat the oven to 375°.
2. Take your pizza bases (bread or crackers) and cover them with pizza/tomato sauce.
3. Using the string cheese, lay them across the pizza to divide the pizza into 8 segments (pizza slices).
4. Use smaller pieces of the cheese to go across each 'slice' of pizza.
5. To make a spider, cut the ends off from 2 olives, one slightly larger than the other.
6. These 2 will be the head and the body of the spider.
7. Cut 8 small slices from another olive and use them to make the legs of the spider.
8. Place the spider on the pizza.
9. Place pizza on a baking tray and bake until the cheese has melted.
10. You can put eyes onto the spider by dipping a toothpick into mustard and using it to make dots on the spider's head.
