

How I Keep Safe at Brookfields School

What does it mean to "keep safe"?

At Brookfields School all of the adults think that my health, safety and welfare are very important.

In school all adults respect all children and want to keep us safe and help to protect our rights.

In school the adults help me to learn.

The adults will teach me how to recognise risks in different situations and how to protect myself and stay safe.

How I keep safe

I have a safe environment that helps me to learn.

The adults in school want to make sure that I am safe in school and at home.

The adults think it is important for me to know where to get help if I am worried or unhappy about something.

If I need to say something adults at Brookfields School will listen

I can talk to any adult in school.

It is Sara and Emma's job to keep me safe – I can speak to them if I am worried.

I can use the worry toy in class if I have something I want to tell an adult.

I won't keep it a secret if:

Someone says things to me that I don't like or upsets me.

Someone tries to give me tablets, cigarettes, drugs or alcohol.

Someone hits or hurts me.

Someone sends unkind messages on the internet or on the phone.

Someone touches my private parts.
