

Maths Day - Pattern

18th May 2023

Here are the Pattern activities we took part in:

- Patterns of movement; in karate and using the PE apparatus
- Searching for patterns in the tyre park (using photographs)
- Making our own patterns with natural resources found in the forest area
- Rubbings of patterns around the playground
- Numicon Patterns
- Sound Patterns

And much more besides!

Following patterns in P.E.

Going in and out of the cones.

Walking along the bench then jumping onto the mat; bench, mat, bench and mat.

Across the mat, over the bench, mat, bench, mat and bench

Tyre park patterns

Finding patterns on the tyres.

Brick wall patterns.

Looking around for patterns to match to the photograph.

At the Tyre park we looked for the patterns on the photos.

Forest patterns

Creating own repeating patterns

Collecting natural resources.

Talking about the patterns we had made.

In the forest area

We collected lots of different resources to copy and create our own repeating patterns.

Finding patterns all around us

Patterns on the climbing frame.

Patterns on the railings.

Patterns on the wall.

Pattern rubbings

Using our
sense of
touch to find
different
patterns
around the
environment.

Numicon Patterns

Using the Numicon tiles to create and continue a repeating number pattern.

Using Numicon to draw own patterns.

More Numicon patterns and pictures

Copying the picture using Numicon.

Creating own repeating pattern.

Finding different ways to make 4.

Sound Patterns

We created musical patterns using instruments.

We used body percussion to copy, then make our own repeating patterns.

Peg board patterns

Using the Numicon tiles to create and continue a repeating number pattern.

Using Numicon to draw own number pattern.

Patterns with construction

I wonder which colour will come next?

*What a busy and fun
day we had!*
